

## Audit Resource Center

### The Compliance Expertise You Need When You Need It

Through our **Audit Resource Center**, the National Student Clearinghouse offers free support and resources year-round to help simplify the audit process for you, including before, during and after an audit. Our compliance experts assist more than 1,000 schools annually.

#### Why Use the Audit Resource Center

- Access to free support and resources year-round to simplify the audit process
- Better anticipate enrollment reporting compliance questions from your auditors
- Save time and effort investigating audit findings
- Understand the federal regulations that impact you
- Minimize reporting errors and issues

#### How the Audit Center Helps

- Offers direct access to enrollment reporting compliance experts
- Highly experienced in reducing or eliminating audit findings
- Assists with annual A-133 audits, program review audits, and day-to-day compliance
- Provides post-audit guidance regarding follow-up or outstanding inquiries
- Extensive resources designed to help institutions stay in compliance

National Student  
Clearinghouse®

## The Audit Resource Center Process

Once you contact us, we conduct thorough research on your audit inquiry and work with you directly, providing guidance along with information from the latest regulations and resources that you can give to your auditor.

## When to Contact the Audit Resource Center

- Any time a compliance question arises for enrollment reporting
- As soon as you learn of your upcoming audit
- During your audit with any enrollment compliance reporting questions
- After your audit is complete (we want to know how it went!), and we can support responding to the auditors if any enrollment reporting issues arise

To request assistance with an audit,  
contact [auditresource@studentclearinghouse.org](mailto:auditresource@studentclearinghouse.org).

## Compliance Central: Information and Support that Keeps YOU in Compliance

- Rich library of compliance resources, including user guides, tutorials and on-demand webinars
- Best practices, checklists, tips and reminders
- Diagrams to help you understand data and processing flow
- Helpful FAQs
- Blog featuring the latest enrolment reporting enhancements, federal guidance, and best practices
- Live feed to the latest Federal Student Aid announcements and more!
